**Early Human
Development**

Volume contents

Volume 51 (1998)

<i>H.A. Vergnes, C.J. Denier, A. Brisson-Lougarre, J.G. Grozdea (France)</i> Fetal sex and variations in kinetic properties of neutrophil alkaline phosphatase during the second trimester of normal pregnancy	1
<i>H. Rydhstroem (Sweden)</i> Twinning in Sweden between 1973 and 1990. The recurrence rate	7
<i>D.A. Todd, M. Earl, J. Lloyd, M. Greenberg, E. John (Australia)</i> Cytological changes in endotracheal aspirates associated with chronic lung disease	13
<i>S. Zhen Meng, T. Obonai, S. Takashima (Japan)</i> A developmental study of the dopamine D2R receptors in the human basal ganglia and thalamus	23
<i>H. Tsukahara, I. Hata, K. Sekine, M. Miura, K. Hata, Y. Fujii, M. Mayumi (Japan)</i> Urinary excretion of aquaporin-2 in term and preterm infants	31
<i>J.P. de Bruin, M. Dorland, H.W. Bruinse, W. Spliet, P.G.J. Nikkels, E.R. Te Velde (The Netherlands)</i> Fetal growth retardation as a cause of impaired ovarian development	39
<i>H. Varendi, K. Christensson, R.H. Porter, J. Winberg (Estonia, Sweden, France, USA)</i> Soothing effect of amniotic fluid smell in newborn infants	47
<i>A. Gounaris, N. Alexiou, C. Costalos, M. Daniilidou, V. Bakoleas, E. Constantellou (Greece)</i> Gut hormone levels in neonates under phototherapy	57
<i>I.A.P. Ververs, M.R. Van Gelder-Hasker, J.I.P. De Vries, B. Hopkins, H.P. Van Geijn (The Netherlands, United Kingdom)</i> Prenatal development of arm posture	61
Abstracts of papers presented at the Neonatal Society Meeting, June 1997	71

Book review	87
Instructions to Authors	89
<i>L. Watson, A. Potter, R. Gallucci, J. Lumley (Australia)</i> Is baby too warm? The use of infant clothing, bedding and home heating in Victoria, Australia	93
<i>O. Ogueh, G. Khastgir, J. Studd, J. Jones, J. Alaghband-Zadeh, M.R. Johnson (UK)</i> The relationship of fetal serum markers of bone metabolism to gestational age	109
<i>H. Shono, M. Muro, M. Shono, Y. Ito, A. Uchiyama, H. Sugimori (Japan)</i> Developmental characteristics in sustained fetal tachycardia in 30 to 41 weeks of gestation	113
<i>S. Honjo, R. Mizuno, M. Ajiki, A. Suzuki, M. Nagata, Y. Goto, T. Nishide (Japan)</i> Infant temperament and child-rearing stress: birth order influences	123
<i>A. D'Elia, M. Pighetti, G.F. Moccia, P. Di Meo (Italy)</i> Computer-assisted analysis of fetal movements in intrauterine growth retardation (IUGR)	137
<i>C.-H. Lin, N.L. Gelardi, C.-J.M. Cha, W. Oh (Taiwan, USA)</i> Cerebral metabolic response to hypoglycemia in severe intrauterine growth-retarded rat pups	147
<i>E. Jauniaux, B. Gulbis, E. Gerlo, C. Rodeck (UK, Belgium)</i> Free amino acid distribution inside the first trimester human gestational sac	159
<i>P.E. Fox, N. Rutter (UK)</i> The childhood scars of newborn intensive care	171
<i>M.-J. Wolf, G. Beunen, P. Casaer, B. Wolf (Zimbabwe, Belgium)</i> Neonatal neurological examination as a predictor of neuromotor outcome at 4 months in term low-Apgar-score babies in Zimbabwe	179
<i>P.A.M. Weiss, F. Kainer, J. Haas (Austria)</i> Cord blood insulin to assess the quality of treatment in diabetic pregnancies	187
<i>K. Harada, T. Suzuki, Y. Takahashi, T. Ito, M. Toyono, A. Ishida, G. Takada (Japan)</i> Abnormal left ventricular diastolic filling patterns in small-for-gestational-age infants	197
<i>S. Ali Akbar, K.H. Nicolaides, P.R. Brown (UK)</i> Carbonic anhydrase isoenzymes CAI and CAII in semen, decidua, chorionic villi and various fetal tissues	205
<i>P.J. Bullen, S.C. Robson, T. Strachan (UK)</i> Human post-implantation embryo collection: medical and surgical techniques	213

K. Kobayashi, T. Kubota, T. Aso (Japan)

- Study on myofibroblast differentiation in the stromal cells of Wharton's jelly: Expression and localization of α -smooth muscle actin 223

S.-F. Jeng, K.-I. Tsou Yau, R.-J. Teng (Taiwan)

- Neurobehavioral development at term in very low-birthweight infants and normal term infants in Taiwan 235

Letter to the Editor

J. Bernardes, A. Costa-Pereira (Portugal)

- Are frequent moderate variable decelerations a cause of antenatal periventricular leukomalacia in premature infants? 247

- Abstracts of papers presented at the Neonatal Society Meeting, 30 October 1997 249

- Announcements 257

- Instructions to Authors 261

- Author index 265

- Subject index 267

- Volume contents 271

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

2. The second part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

3. The third part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

4. The fourth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

5. The fifth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.
